COMPREHENSIVE PPE SOLUTIONS FOR ALL YOUR SAFETY NEEDS

Looking ahead, we remain steadfast in our mission to enhance safety standards and promote a safer world.

Our products are certified by accredited, independent third-party laboratories to ensure that our products meet the specified performance criteria imposed by the international standards: Oeko-Tex 100, EN ISO 20471, ANSI/ISEA 107, EN 469, NFPA 2112, NFPA 1971, NFPA 701, ASTM F 1506, CSA-Z96, AS/NZS 1906, ISO 9001 & ISO 14001, DIN 67510-part 1 certificate

Our extensive range of Reflective Safety Products includes a variety of innovative solutions. Among our offerings are Reflective Fabric, Reflective Tape, Fire Retardant Reflective Fabric, Reflective Transfer Film, High Gloss PVC Reflective Tape, Reflective Safety Vests, Reflective Safety Jackets, and a wide array of other reflective applications. These products find widespread usage in personal safety applications, offering enhanced visibility and protection to individuals working in hazardous environments or engaging in outdoor activities.

Recognizing the surging market demand for safety equipment and outdoor activity gear, we took a proactive step in 2015 by integrating advanced market resources. This strategic move allowed us to establish a comprehensive ONE-STOP-SHOP network, catering to the needs of various industries including industrial safety, road safety, personal safety, and outdoor sports products. Includes head protection, eyes protection, hand protection, foot protection, body protection, and fall protection. This network provides a seamless platform for customers to access a diverse range of high-quality safety products, ensuring convenience and efficiency in meeting their requirements.

As a testament to our unwavering commitment to quality and customer satisfaction, we have successfully exported our safety products to more than 50 countries worldwide. Our extensive global reach is a result of our dedication to delivering reliable and innovative safety solutions to customers across different regions and industries. We strive to continually improve our product quality, leveraging advanced market resources, and striving to create maximum value in the global safety and outdoor sports markets.

By continually refining our product offerings, integrating the latest advancements in technology, and working closely with our valued customers, we are well-positioned to meet the evolving needs of the personal safety and industrial safety sectors. Through our continuous efforts, we aim to establish **ourselves** as a trusted partner and a symbol of excellence in the global safety industry, providing superior products that protect and save lives, and enabling people to work and enjoy outdoor activities with peace of mind.

What kind of customers

- > Customers are typically large businesses that prioritize stable quality in their purchases. They value consistency and reliability in their suppliers, and our company is able to meet their needs with our high-quality products and strict quality control measures, ensuring stability and reliability in every transaction.
- > Customers are usually small businesses or individuals who are looking for a smaller minimum order quantity. They may not need to purchase large quantities of products, but still require high-quality items and reliable service. Our company is able to accommodate their needs with our flexible ordering options and commitment to quality.
- > Customers are those who require a wide variety of products, but in smaller quantities, we offer a one-stop solution for all their needs. Our comprehensive range of products and flexible payment options makes it easy for them to purchase everything they need without compromising on quantity or quality.
- > Customers are those who require financial support to make purchases. We also understand the importance of building long-term relationships with our clients. Our flexible and liberal payment methods allow us to support reputable customers who may need financial assistance. We believe that by nurturing these relationships, we can create a win-win situation both for clients

SECTION:

Eye and Face Protection

ADVANCED LENS TECHNOLOGIES IN SAFETY EYEWEAR

This section contains important PPE related to eye and face protection. These products are designed to help shield your eyes and face from impact, debris, dust, splashes and other potential hazards that could present severe injury to the eyes and face. HIGHVIZ provides a comprehensive line of solutions for safety eyewear needs.

STANDARDS

ANSI/ISEA Z87.1 AND CSA Z94.3

- > Prescribes the design, performance specifications and marking of eye and face safety products
- > Testing Includes:
 - Basic and high impact for lenses and frames
 - UV light transmittance
 - Resistance to flammables and corrosion
 - Optical quality

PRODUCTS

Full Rim – Popular styling for outdoor construction work

Semi-Rimless – Wraparound styling with improved peripheral vision and all-day comfort

Rimless – Lightweight designs with unobstructed peripheral vision and ergonomic fit

Foam Lined - Sealed to keep out dust and airborne particles

Over-the-Glass – Designed to fit over prescription eyewear

Goggles – Help provide protection from projectiles, impact and liquid splash

ENHANCED FEATURES

HMB10S

Meets ANSI Z87.1+ Standards

- Lens: Clear
- Flame: Black
- Extendable Temples
- Extendable, Ratcheting Temples
- Integrated Side Shields
- Nylon Frame with Brow Guard
- Scratch Resistant Polycarbonate Lens

HMB20S

Meets ANSI Z87.1+ Standards

- Lens: Grey
- Flame: Black
- Extendable Temples
- Extendable, Ratcheting Temples
- Integrated Side Shields
- Nylon Frame with Brow Guard
- Scratch Resistant Polycarbonate Lens

HC10S

Meets ANSI Z87.1+ Standards

- Wrap-Around Style with Brow Guard
- Integrated/Vented Side Shields
- Designed to fit over prescription glasses
- Uncoated or Coated (Scratch Resistant)
- Jumbo Sizes Available
- Provides 99.9% UV Protection

HC20S

Meets ANSI Z87.1+ Standards

- Wrap-Around Style with Brow Guard
- Integrated/Vented Side Shields
- Designed to fit over prescription glasses
- Uncoated or Coated (Scratch Resistant)
- Jumbo Sizes Available
- Provides 99.9% UV Protection

HHB20S

Meets ANSI Z87.1+ Standards

- Dual, Gray, Wrap-Around Lens
- Black Frame
- Spatula temple design
- Integrated nose piece
- Scratch-resistant polycarbonate lens
- Provide 99.9% UV protection

HHB30S

Meets ANSI Z87.1+ Standards

- Dual, Amber, Wrap-Around Lens
- Amber, Frosted Frame
- Spatula temple design
- Integrated nose piece
- Scratch-resistant polycarbonate lens
- Provide 99.9% UV protection

INNOVATIVE DESIGN

HPG06

Meets ANSI Z87.1+ Standards

- Amber, Wrap-Around Lens
- PC+PA Lens
- width=147mm, weight=24.7g
- thickness=1.9mm
- Anti-fog&Anti-scratch
- Provide 99.9% UV protection

HPG07

Meets ANSI Z87.1+ Standards

- Amber or Black, Wrap-Around Lens
- PC+PA Lens
- width=147mm, weight=24.7g
- thickness=1.9mm
- Anti-fog&Anti-scratch
- Provide 99.9% UV protection

HPG11

Meets ANSI Z87.1+ Standards

- Grey or Amber, Wrap-Around Lens
- PC Frame, PC Lens
- Width-140mm, weight=16.8g
- thickness=2mm
- Anti-fog&Anti-scratch
- Provide 99.9% UV protection

HPG12

Meets ANSI Z87.1+ Standards

- Grey or Amber, Wrap-Around Lens
- PC Frame, PC Lens
- Width-140mm, weight=16.8g
- thickness=2mm
- Anti-fog&Anti-scratch
- Provide 99.9% UV protection

HD10

Meet ANSI Z87.1+ Standards

- Clear PVC Frame
- Elastic Straps
- Perforated Ventilation
- ANSI D3 & D4 Rated
- Scratch-resistant polycarbonate lens
- Soft and flexible compact frame
- An elastic strap and indirect ventilation
- Provide 99.9% UV protection

HD20

Meet ANSI Z87.1+ Standards

- Clear PVC Frame
- Elastic Straps
- Indirect Ventilation
- ANSI D3 & D5 Rated
- Scratch-resistant polycarbonate lens
- Soft and flexible compact frame
- An elastic strap and indirect ventilation
- Provide 99.9% UV protection

CHEMICAL ACTIVITIES

HJ61A

Sleek and ultra light weight wraparound lens

- Suits a variety of face shapes
- Medium Impact protection
- Hard coat lens for Anti-Scratch
- 99.9% UV protection
- Two kind of arms options
- Available in Clear & Smoke lens color's

HJ61

Sleek and ultra light weight wraparound lens

- Suits a variety of face shapes
- Medium Impact protection
- Hard coat lens for Anti-Scratch
- Two kind of arms options
- Available in Clear & Smoke lens color's

HJ33A

Optical Class 1 for high optical clarity to allow prolonged, comfortable wear

- Medium Impact protection
- 99.9% UV protection
- Anti-fog&Anti-scratch
- Polycarbonate lens offers excellent impact resistance with Anti-scratch coating for improved durability

HJ33

Optical Class 1 for high optical clarity to allow prolonged, comfortable wear

- Medium Impact protection
- 99.9% UV protection
- Anti-fog&Anti-scratch
- Polycarbonate lens offers excellent impact resistance with Anti-scratch coating for improved durability

HJ52

Optical Class 1 for high optical clarity to allow prolonged, comfortable wear

- Medium Impact protection
- 99.9% UV protection
- Hard coat lens for Anti-Scratch
- Anti Fog Coating Technology
- Polycarbonate lens offers excellent impact resistance with Anti-scratch coating for improved durability

HJ69

Optical Class 1 for high optical clarity to allow prolonged, comfortable wear

- Medium impact protection
- 99.9% UV protection
- Hard coat lens for Anti-Scratch Lens and Anti Fog Coating Technology
- Polycarbonate lens offers excellent impact resistance with Anti-scratch coating for improved durability

EAR PROTECTION

EFFECTIVE NOISE REDUCTION
COMFORTABLE FIT ALL DAY LONG

Noise Protection Earplugs/Ear Muffs

HPRD01

- Metal-Detectable, TPR Earplugs
- Blue, 4 Flange-Shaped
- Blue, Metal-Detectable PVC Cord

HPFC01

- Corded Orange Foam Polyurethane (PU)
- Noise Reduction Rating: 33 Decibels

HPRU01

- Hi-Vis Lime, TPR Earplugs
- 4 Flange-Shaped

HPFU01

- Orange Foam Polyurethane (PU)
- Noise Reduction Rating: 33 Decibels

HP4102

- Banded round shape earplugs
- Noise Reduction Rating: 29 Decibels

HP4101

- Banded bell shape earplugs
- Noise Reduction Rating: 30 Decibels

HCPE01

- Noise Cancelling Headphones for Kids
- ABS & steel construction
- Rated 21dB NRR (ANSI S3.19-1974), 27dB SNR (CE EN352-1), age 3-16, and it's toxin-free

HCPE02

- 360 swivel earmuff cup
- NRR:21dB /SNR:27dB noise reduction ability
- Stainless steel wire for easy personalized fit adjustment
- Padded headband and ear cups for extended comfort

NOISE REDUCTION

HM-5001B

- Folding headband and ear cups for extended comfort
- NRR:26dB /SNR:32dB noise reduction ability
- Stainless steel wire for easy personalized fit adjustment
- Unique shell design guarantee offer high noise Reduction Rating

HM-5006

- Padded headband with trim and ear cups for extended comfort
- NRR:27dB /SNR:32dB noise reduction ability
- Stainless steel wire for easy personalized fit adjustment
- Unique shell design guarantee offer high noise Reduction Rating

HM-5003A

- Double layer plastic Headband
- NRR:23dB /SNR:29dB noise reduction ability
- Available in high visibility colors
- Generous space inside cup to help the ears breathe thus

HM-5003

- Double layer plastic Headband
- NRR:23dB /SNR:29dB noise reduction ability
- Available in high visibility colors
- Generous space inside cup to help the ears breathe thus

HM-5001D

- 25mm/30mm adaptor plug option
- NRR:26dB /SNR:30dB noise reduction ability
- Stainless steel wire for easy personalized fit adjustment
- Unique shell design guarantee offer high noise Reduction Rating

HM-5003D

- 25mm/30mm adaptor plug option
- NRR:27dB noise reduction ability
- Soft and wide sealing rings filled with a unique combination foam to offer optimum sealing and low pressure

 - Process: PU injection
 - Function: Anti-Smash & Anti-Stab
 - Size: 36-47

HV-R008L

Upper Material: Split embossed cow leather
 - Sole Material: TPU
 - Process: PU injection
 - Function: Anti-Smash & Anti-Stab
 - Size: 36-47

HV-R007

Upper Material: Split embossed cow leather
 - Sole Material: PU
 - Process: PU injection
 - Function: Anti-Smash & Anti-Stab
 - Size: 37-47

HV-3170

Upper Material: Split embossed cow leather
 - Sole Material: PU
 - Process: PU injection
 - Function: Anti-Smash & Anti-Stab
 - Size: 36-46

HV-077B

Uppers: Split embossed cow leather
 - Out sole: PU dual density
 - Process: PU injection
 - Function: Anti-Smash & Anti-puncture
 - Size: 36-46

HV-A021

Uppers: Split embossed cow leather
 - Out sole: PU dual density
 - Process: PU injection
 - Function: Anti-Smash & Anti-puncture
 - Size: 36-46

FALL PROTECTION

PECFECT FOR WORKERS AS ROOFING/
ARBORIST/HIGH-RISE PAINTING

Anchorage Connectors/Carabiners/Harnesses/Laryards

Construction & Industrial 1231007

Universal size

Certified to ANSI Z359.11-2014

- Leg straps are in different color for easy wear
- One big forging dorsal D ring for better connection and match any foreseeable fall arrest working condition
- Five adjustment positions on shoulder straps, chest strap and leg straps for superior fit
- Two Waist stamping D ring for better work position
- Two lanyard attachments
- Custom design webbing end secure to hang on to when adjusting the straps
- Individually inspected
- Customized webbing color available
- Weight: 1450g

Construction & Industrial 1231007E

Universal size

Certified to ANSI Z359.11-2014

- Leg straps are in different color for easy wear
- One big forging dorsal D ring for better connection and match any foreseeable fall arrest working condition
- Three adjustment positions on shoulder straps, chest strap and leg straps for superior fit
- Two Waist stamping D ring for better work position
- Two lanyard attachments
- Custom design webbing end secure to hang on to when adjusting the straps
- Individually inspected
- Customized webbing color available
- Weight: 1100g

Construction & Industrial 1231007E-FD

Universal size

Certified to ANSI Z359.11-2014

- Leg straps are in different color for easy wear
- One big forging dorsal D ring for better connection and match any foreseeable fall arrest working condition
- High strength webbing more than 27KN(6000lbs)
- Three adjustment positions on shoulder straps, chest strap and leg straps for superior fit.
- Two Waist stamping D ring for better work position
- Two lanyard attachments
- Custom design webbing end secure to hang on to when adjusting the straps
- Individually inspected
- Customized webbing color available
- Weight: 1150g

Construction & Industrial 1231010

Universal size

Meets ANSI Z359.11-2014

- Leg straps are in different color for easy wear
- Four adjustment positions on belt and legs for superior fit
- High strength webbing more than 27KN(6000lbs)
- Dorsal & Front special design D ring for reduce the danger after fall
- Waist D ring for better work position
- Custom design webbing end secure to hang on to when adjusting the straps
- Individually inspected
- Customized webbing color available
- Weight: 1350g

ONE STOP OF PERSONAL PROTECTIVE EQUIPMENT

FALL PROTECTION

PECFECT FOR WORKERS AS ROOFING/
ARBORIST/HIGH-RISE PAINTING

Anchorage Connectors/Carabiners/Harnesses/Laryards

Construction & Industrial 1231000-2

Universal size
Certified to EN 361-2002

- Leg straps are in different color for easy wear
- One Dorsal attachment points to match any foreseeable fall arrest working condition.
- Three adjustment positions on chest strap and leg straps for superior fit
- High strength webbing more than 27KN(6000lbs)
- All metal components batch numbered for full traceability
- Custom design webbing end secure to hang on to when adjusting the straps
- Individually inspected
- Customized webbing color available
- Weight: 900g

Construction & Industrial 1231000-3

Universal size
Certified to EN361-2002

- Leg straps are in different color for easy wear
- Two attachment points to match any foreseeable fall arrest working condition
- Three adjustment positions on chest strap and leg straps for superior fit
- High strength webbing more than 27KN(6000lbs)
- Custom design webbing end secure to hang on to when adjusting the straps
- Individually inspected
- Customized webbing color available
- Weight: 950g

Construction & Industrial 1232000-2FD

Universal size
Certified to EN361-2002

- Leg straps are in different color for easy wear
- Two attachment points to match any foreseeable fall arrest working condition.
- Five adjustment positions on shoulder straps, chest strap and leg straps for superior fit
- High strength webbing more than 27KN(6000lbs)
- All metal components batch numbered for full traceability
- Custom design webbing end secure to hang on to when adjusting the straps
- Individually inspected
- Customized webbing color available
- Weight: 1150g

Construction & Industrial 1232000-2

Universal size
Certified to EN361-2002

- Leg straps are in different color for easy wear
- One attachment point to match any foreseeable fall arrest working condition
- Five adjustment positions on shoulder strap, chest strap and leg straps for superior fit
- High strength webbing more than 27KN(6000lbs)
- All metal components batch numbered for full traceability

- Weight: 1350g

FALL PROTECTION

PERFECT FOR WORKERS AS ROOFING/
ARBORIST/HIGH-RISE PAINTING

Anchorage Connectors/Carabiners/Harnesses/Lanyards

Construction & Industrial 1231007WG

Universal size
Meets ANSI Z359.11-2014

- Leg straps are in different color for easy wear
- One attachment points to match any foreseeable fall arrest working condition.
- Six adjustment positions on shoulder straps, chest strap, waist belt and leg straps for superior fit
- Two Waist stamping D ring for better work position
- Two lanyard attachments
- Light weight, moisture wicking and breathable waist padding always keeping the wearer comfortable
- Shoulder and Leg pads help minimize pressure for users
- Grommet adjustment on waist belt & leg straps
- Custom design webbing end secure to hang on to when adjusting the straps
- Individually inspected
- Customized webbing color available
- Weight: 2250g

Construction & Industrial 1231007WQ

Universal size
Meets ANSI Z359.11-2014

- Leg straps are in different color for easy wear
- One attachment points to match any foreseeable fall arrest working condition.
- Six adjustment positions on shoulder straps, chest strap, waist belt and leg straps for superior fit
- Two Waist stamping D ring for better work position
- Two lanyard attachments
- Light weight, moisture wicking and breathable waist padding always keeping the wearer comfortable
- With grommet adjustment on the waist belt
- Features with quick release buckle on the chest strap & leg straps for easy donning
- Custom design webbing end secure to hang on to when adjusting the straps
- Individually inspected
- Customized webbing color available
- Weight: 2550g

Construction & Industrial 1231007G

Universal size
Certified to ANSI Z359.11-2014

- Leg straps are in different color for easy wear
- One big forging dorsal D ring for better connection and match any foreseeable fall arrest working condition
- Five adjustment positions on shoulder straps, chest strap and leg straps for superior fit
- Two Waist stamping D ring 1859012 for better work position
- Two lanyard attachments
- Grommet adjustment on leg straps
- Custom design webbing end secure to hang on to when adjusting the straps
- Individually inspected
- Customized webbing color available
- Weight: 1700g

1238043

Vertical lifeline with fall arrester
Meets ANSI Z359.15-2014

- 5/8" (16mm) three strand rope
- 3.0 ft fall arrester integral with a shock absorber and a snap hook
- Multiple length available: 25-200ft
- 16kN (3600lbs) gate strength
- Individually inspected
- Customized webbing color available
- Weight: 4900g

ONE STOP OF PERSONAL PROTECTIVE EQUIPMENT

FALL PROTECTION

PERFECT FOR WORKERS AS ROOFING/
ARBORIST/HIGH-RISE PAINTING

Anchorage Connectors/Carabiners/Harnesses/Lanyards

1238034M

External energy absorber lanyard
Certified to ANSI Z359.13-2013

- Twin legs
- One snap hook on the ends
- Two scaffolding hooks on both twin legs
- Made of 30mm width webbing
- Total length: 1.8m
- 16kN (3600lbs) gate strength
- Individually inspected
- Customized webbing color available
- Weight: 2750g

1238029M

External energy absorber lanyard
Certified to ANSI Z359.13-2013

- Single legs
- One snap hook connect to the energy absorber
- One Scaffolding hook at the other end
- Made of 30mm width webbing
- Total length: 1.8m
- 16kN (3600lbs) gate strength
- Individually inspected
- Customized webbing color available
- Weight: 1700g

1238020M

Internal Energy absorbing lanyard
Meets ANSI Z359.13-2013

- Single leg
- Two snap hooks on both ends
- Total length: 1.8m
- 16kN (3600lbs) gate strength
- Individually inspected
- Customized webbing color available
- Weight: 1600g

1238020Y

Internal Energy absorbing lanyard
Meets ANSI Z359.13-2013

- Twin legs
- Three snap hooks on the ends
- Total length: 1.8m
- 16kN (3600lbs) gate strength
- Individually inspected
- Customized webbing color available
- Weight: 1900g

Snap Hook 1239070

Scaffolding steel Hook

- Stamping steel
- 100% proof loaded to 3600 lbs / 16 kN
- Min.Breaking strength: 5000 lbs / 22 kN
- Open width: 65 mm
- Net weight: 752 g
- Certified to ANSI Z359.12-2009

Snap Hook 1239069

Scaffolding steel Hook

- Forging steel
- 100% proof loaded to 3600 lbs / 16 kN
- Min.Breaking strength: 5000 lbs / 22 kN
- Open width: 20 mm
- Net weight: 380g
- Certified to ANSI Z359.12-2009

A low-angle shot of four construction workers wearing white hard hats and red safety shirts, looking upwards against a clear blue sky. The workers are arranged in a circle, with their heads and shoulders visible. The image has a professional, high-quality feel, typical of a corporate safety campaign.
