

COLOURED OPP TAPE

Product Features

Colour Biaxially
Oriented Polypropylene
Film Coated with Water
Based Acrylic Adhesive

Application

Widely used in industry
for carton sealing,
bundling, package
beautifying and package
identifying.

Red

Yellow

Blue

Green

Orange

Purple

Black

White

Product Sizes

Paper Core Size :76mm
Cut Size :As per customer
requirements

Shelf Life

12 Months Storage at 23°C and
65% Relative Humidity

Technical Data

Product	Total Thickness (um)	Peel Adhesion		Tensile Strength		Elongation % at break
		(N/in)	ASTM D-3330 (oz/in)	(N/in)	ASTM D-3759 (lb/in)	
OTC38	38	4↑	14	60-100	17	100%
OTC40	40	4↑	14	60-100	17	100%
OTC42	42	4↑	14	60-100	17	100%
OTC45	45	4.5↑	16	70-110	19	100%
OTC50	50	5↑	18	70-110	19	100%

OTC70	70	6↑	22	80-120	22	100%

Product Characteristics

- Available in a variety of colour which is able to promote attractiveness
- Good holding power and economical for carton sealing
- Flexible and waterproof with superior stretch & puncture resistance
- Resistance to aging, weathering, UV light
- Highly conformable on most surfaces
- High shear strength, superior quick stick
- Outstanding performance for majority of indoor usage
- Excellent viscosity and good bonding performance with high durability
- Maintain excellent tensile strength in a extreme change of surrounding temperature
- Easily applied, by hand or machine
