About Us

GTG Manufacturing Sdn Bhd was established in November 15th, 2011 with the aim to supply Superior Quality Adhesive Tapes to our esteemed customers at competitive pricing.

Among the different types of Self-Adhesive Types that we are supplying to our customers in the form of Jumbo Rolls, Log Rolls or Finished Rolls includes the Single Sided Tapes such as OPP Packing Tape, Masking Tape, PVC Black Protection Tape, PVC Floor Marking Tape, PVC Insulation Tape, PE Protective Film, Cloth Duct Tape, Aluminium Foil Tape, Filament Tape, Teflon Tape, Kapton Tape, Stationery Tape, Cellulose Tape and others.

We also supply Double Sided Tapes (i.e Tissue, EVA, PE, PP and Acrylic Foam Tape) as well as Protection Film for various surfaces (i.e Electronic Devices, Injection, Moulds, Automotive, Construction Glass, Acrylic Boards, Carpet, Stainless Steel, Aluminium Profile, Ceramic Files, PVC & PET Plastic Sheets).

At GTG, every product created has been tailored to meet specific customers's requirements in myriad of industries ranging from Packaging, Automotive, Electrical, Advertising, Printing, Logistic, Aluminium & Glass, Fashion and others.

As a show of our sincere gratitude to our huge base of customers, we dedicate our ongoing works and efforts in constantly looking for ways to serve astute clients like yourself better than before.

We aim to provide our customers with the Superior Quality Sensitive Adhesive Tapes at Competituve Pricing.

To be our customers test source for Adhesive Tapes and Packaging Material.

GTG's water-activated tape product line has focused on innovative and technologically sound product developments for overseas markets.

We has focused on adhesive tapes independent research and development for more than 6 years. Nowadays, GTG's water-activated tape products hasit obvious competitive advantage in quality stability and reasonable price.

CONTENTS

PAPER TAPES

REINFORCED TAPES

Seal light weight or standard sized packages or cartons that will be shipped in unitized loads or full pallets.

Sealing over stuffed cartons, recycled cartons, non-utilized cartons and heavy weight cartons.

Designed for fast, permanent adhesion and superior strength. Cracking of the adhesive surface provides our paper tape with excellent flexibility for sealing carton corners, edges and irregular surfaces. Use GTG's brand paper tapes to seal light weight or standard sized packages or cartons that will be shipped in unitized loads of full pallets.

BENEFITS

- **Aggresive Bond** our starch-based adhesive aggressively bonds to corrugated cartons, even in dusty or dirty environments.
- Available in Various Colors & Patterns ideal for organizing your stock and rotating your inventory.
- **Custom Printing** advertise your company and products, provide directions for freight handlers and improve the appearance of your package.
- **Protection** a carton sealed with our paper tape can't be opened without leaving a broken seal.

All product grades available in other sizes upon request.

Available in a wide variety of sizes and product construction, GTG's brand reinforced tapes are designed tp provide consistent performance in carton sealing applications where durability, extra strength and reliability are required. Extra strong fiberglass yams are bonded between the high tensile strength sheets for an extra margin of strength.

BENEFITS

• Secure Bond - testing proves our tape bonds, faster than any competitor's of like construction.

- All Weather Use not affected by extreme hot or cold temperature.
- **Superior Strength** fiberglass yarns seal your cartons with an extra measure of strength.

REINFORCED TAPES

- **Takes on the Dust** our starch based adhesive absorbs dust and bonds securely to the carton. Sealing the seam also acts as a dust barrier.
- Pilferage Proof a carton sealed with our paper tape can't be opened without leaving a broken seal.

FLATBACK TAPES

Flatback Tape (pressure-sensitive paper tape, kraft paper tape) is designed for superior performance in a variety of packaging, splicing and tabbing applications. It provides a quick positive seal under a wide range of temperature and humidity conditions. Most of our flatback tapes are hand tearable. It's a quick, sure sealing, economical, pressure-sensitive flatback tape which can increase packaging line efficiency. It is versatile and offers a positive attractive seal which matches most corrugated cardboard. It's quick stick and has excellent adhesion which discourages pilfering. It can be used on all types of cartons.

ADVANTAGE

- Printable with standard flexographic inks and is also easily marked with ballpoint pens, felt-tip pens, pencils and rubber stamp.
- Pressure sensitive adhesive bonds to a wide variety of paper, film, fabric and yarn surfaces.
- Thick flatback paper backing creates sharp paint lines when used for masking purposes.
- Easy tear backing ensures hassle-free tape manipulaion and application.

USES & APPLICATIONS

- Marking & Labeling
- Color coding & Identification
- Holding, Banding, Bundling & Binding
- Splicing
- Decoration, Arts & Crafts
- Other Manufacturing & Industrial

WAT DISPENSERS

GTG has developed machines that address all your previous unfulfilled needs in the market. Closing cartons with water-activated tapes has become faster and easier. GTG is a leading brand in water-activated tape dispensers thanks to unmatched innovation, quality, design and reliability. We have 7 types water-activated tape dispensers, they are PLC cutting, manually cutting and hand pull for cutting.

5 Benefits of Our Strength Item : E-404BH (Electric WAT Dispenser With Battery & Heater)

1. Its's applicable to 100V-220V. Not subject to international regional voltage restrictions.

2. It;s built-in large-capacity lithium battery, to ensure the smooth operation in case there is no power access or emporary power outage in the workplace.

3. Intelligent Computerized Numerical Control operation interface, which can set 3 sets of tapes with different cutting lengths and sheets at the same time, to meet different sealing needs of users and reduce the number of switching on and off and machine downtime.

4. Dual-mode heating function. Equipped with constant temperature heating module, to ensure that the dispenser can work quickly in extremely cold environment to make sure of the excellent stickiness of the tape and carton sealing, save much time and improve work efficiency.

5. The infrared censor function. Turns customization of carton sealing into reality.
